2.1 Illegal Drugs – Definition

Illegal drugs are those substances defined and prohibited by state and/or federal laws.

2.2 General Prohibition

Possession or use of illegal drugs or drug substances, as defined above, is prohibited in any form, by any participant at the Ukiah Speedway, either on the speedway grounds, or in an area considered to be used in the operation of the speedway, such as parking lots or leased properties.

2.3 Participant – Definition

A participant is any person taking part in any event at the Ukiah Speedway in any form including, but not restricted to, drivers, car owners, mechanics, crew members, track officials, or pit area observers. All such persons shall be considered public figures that have become involved by their own choice in auto racing events at the Ukiah Speedway, with the full understanding that they must abide by the rules and regulations established and published or announced by the Ukiah Speedway. *All participants are considered responsible for their personal conduct.*

2.4 Violation and Penalties

Any person found to be in possession of or under the influence of an illegal drug or drug substance on the speedway property, as described above shall be subject to the following penalties by the speedway:

Suspension from competition and eviction from the speedway property, and denial of entry to the speedway for a period of one (1) year from date of incident.

2.5 Reinstatement

A participant suspended for violation of these rules, except in the case of persons charged with selling drugs, may, as the result of a decision reached through the appeal hearing process (§12), be reinstated, if it is mutually agreed that the participant -- at their own expense -- will produce documentation from a physician licensed within the state, certifying that they are drug independent, as a result of random and periodical examinations and urinalysis testing,

- 3.1 When a member is involved in an accident that causes injury, however minor or major, the member or their designee shall report it to a speedway official immediately. The member or designee shall also ensure that the injury is documented by the official or a security guard. The injury form shall be completed as accurately and completely as possible to expedite the claim.
- 3.2 N.S.R.A. shall not be responsible for any costs, bills, fees, or payments arising out of any injury occurring on its grounds if the injury or illness is not properly reported.
- 3.3 Any member who is injured in such a way that, in the opinion of the head official or speedway management, could be debilitating to the safe and competent participation of the member in speedway activities, shall be required to submit a physician's release to the N.S.R.A. manager before they will again be allowed to participate.
- 3.4 Any member who suffers from a physical abnormality, handicap, or injury that, in the opinion of the head official or speedway management, is prohibitive to the safe and competent participation of the member, shall be asked to provide a physician's release to allow them to participate in auto racing. In addition, other insurance waiver forms may need to be signed to hold N.S.R.A. harmless in the event of an accident. The physician's release and signed waiver shall be required before the member is admitted into the pit area.
- 3.5 All members who sign the insurance waiver form and pay the proper pit registration fees are covered by an extensive insurance program. This program provides for secondary insurance coverage in the event the registered participant is injured while involved in and because of participating in activities at the Ukiah Speedway. This insurance is only secondary. All bills, fees, and statements shall be submitted to the injured member's primary insurance agency first (i.e. Blue Shield, Blue Cross, Employee provided health insurance, etc.). The primary insurance agency and the speedway-provided secondary insurance agency shall arrange for full payment of the bills as is permitted by the respective companies. N.S.R.A. shall not be responsible for any bills, fees, costs, or statements not properly submitted by the claimant. Questions regarding insurance coverage shall be promptly directed to the secretary or management.
